Spanish Warships Reported Coming.

Seen Off the African Coast By A German Vessel To-day.

Gibraltar, June 17.—(Special).—The captain of the German steamer Porta reports this morning that he passed abreast of Ceuta two Spanish ironclads, four large cruisers and four destroyers steaming east.

A Madrid special says the members of the Spanish ministry declare that they do not believe the Tampa expedition to Cuba has left the American coast, as all movements of American ships are known to Blanco.

The Cadiz Fleet Has Sailed.

Washington, June 17.—(Special).—The State Department has received a cablegram that the Cadiz squadron has sailed east. It is supposed to be from Gibraltar.

Who Said Spain Was Afraid?

Madrid, June 17.—(Special).—The Military and Naval officials ridicule the rumor contained in a dispatch that an American squadron will be sent to harass the coast of Spain, on the ground that it couldn't obtain coal and also because the forts are so well defended that no impression could be made.

Another Revolution in Hayti.

Cap-Haitien, June 17.—(Special).—Another revolutionary uprising in Port-au-Prince was quelled Wednesday after a fierce battle. Two were killed by the soldiers' fire. Many arrests followed.

Will Vote on Hawaii Tomorrow.

Washington, June 17.—(Special).—Chairman Davis reported in the senate the Hawaiian resolutions without amendment and gave notice that he would call them up tomorrow.

LET THE FOREIGNERS GO.

They Were Unwilling to Serve on Converted Steamers.

Newport News, June 17.—(Special).—The foreign firemen and stokers on the Yale and Harvard have been discharged, the officers considering it bad policy to force them to stand by the terms of mercantile enlistment against their wishes. Their places will be taken by men from New York, Philadelphia and Baltimore to-day.

A Heavy Rainfall.

For the twenty-four hours preceding 7 o'clock this morning the rainfall, as shown by Mr. J. M. Howe's official instrument, was 2.26 inches. Heavy and general rains have fallen over Kentucky and Tennessee. The thermometer yesterday ranged from 70 to 85 degrees.

The Rainy Spell.

The heavy downfall of rain continued yesterday afternoon, but tonight did this morning. It has been a ground soaker in all directions and ought to be of inestimable benefit to crops, though it will seriously interfere with wheat harvest.

Colored Soldier Convicted.

Tamp, Fla., June 17.—James Johnson, the colored soldier on trial for the murder of Jacob Collins, at Lakeland, has been convicted of murder in the second degree and sentenced to life imprisonment. Motion for a new trial was squashed.

Miss Mabel C. Walker, of Versailles, Ky., is the guest of Miss Fannie Braham.

NO FURTHER TROUBLE.

Yellow Fever Quarantine Lifted at Bay St. Louis.

Mobile, Ala., June 17.—(Special).—The Mississippi authorities have removed the yellow fever quarantine at Bay St. Louis, and it is believed this will soon be followed by a general lifting of the quarantine.

MURDERED HIS WIFE

Because She Smashed His Jug of Whisky to End His Spree.

A horrible case of wife murder occurred at Adams, Tenn., Wednesday. Isaac Winters, a well-to-do farmer, 45 years of age, has been drunk for weeks, and sent to Springfield every day for whisky. For the last three days his wife seized and destroyed his liquor as soon as received. When she broke his jug that morning he seized his shotgun and emptied one barrel into her side, causing a fatal wound. A few shot injured one of Winters' children. Winters fled, declaring his intention of resisting arrest. An unconfirmed report has it that his body has been found hanging to a tree.

You Oldy Old Rascal.

Harrodsburg, Ky., June 17.—Capt. Phil B. Thompson, aged seventy-eight, a hero of two wars, and distinguished criminal lawyer, the father of ex-Congressman "Little Phil" and present candidate for Congress John B. Thompson, was married yesterday to Mrs. Allie Davis, a widow, aged forty, at her residence. The couple then left for Cincinnati on a bridal trip.

MORRILL ON MUSIC.

Afternoon and Evening Session of the Ministers' Meeting.

Doctor Eaton Tells a Joke on Himself—Dr. Anderson's Meeting.

When we closed our account of the ministers' meeting yesterday Dr. J. S. Coleman had just finished his able address on the "Mourner's bench in protracted meetings." He was closely followed by Dr. T. T. Eaton, the able editor of the Western Recorder and popular pastor of Walnut Street Church, Louisville. Then came Rev. W. D. Nowlin, Rev. W. H. Smith, Rev. J. U. Spurlin and Rev. I. W. Bruner.

These speakers all contended that the "mourner's bench" or "anxious seat" should not be allowed to disappear. Dr. Coleman, the "Lion of the tribe of Judah," made the striking statement that during his ministry in Kentucky he has been instrumental in converting 12,000 souls; of these 10,000 joined the Baptist churches and 5,000 were baptized by his hands. He held that of these souls the large majority were converted from the "anxious seat." "Onespeaker said: "My objection to the mourner's bench is not to the bench but to the mourning." Another said: "The anxious seat is like a recitation seat in school. It is a place of instruction and all should be made to approach

PRAYER.

The Subject of This Morning's Chief Discussion.

Many of the Ministers Take Part in It.

The Ministers' meeting was called to order by the moderator at 9 a. m. this morning.

Prayer by Rev. B. F. Swindler. We notice a large increase in attendance and see many faces of distinguished ministers of Kentucky.

After "Nearer, My God, to Thee," Rev. I. N. Strother, of Cadiz, led the body in prayer.

The minutes of yesterday's meeting were then read by the secretary, Rev. I. P. Trotter, Bardonia, and were corrected by various members of the body.

Rev. J. A. Bennett, of Fairview, moved that the order requiring the clerk to report essays and speeches of brothers be rescinded. Mr. Bennett made a strong speech in favor of his motion. Dr. J. S. Coleman also supported the motion. The motion prevailed without opposition.

Rev. C. G. Jones, of Covington, who will preach the General Association sermon, moved that a special prayer be offered for Rev. R. E. Kirtley, who is ill and sinking rapidly. The moderator asked that Rev. Wm. Gregston, of Little River Association, be included in

THE HOPKINSVILLE BAPTIST CHURCH.

it."

Prof. J. J. Rucker, the capable professor of mathematics in Georgetown College, asked all ministers who invite to the mourner's bench to rise. All rose but two. Dr. Eaton then asked those who do not to tell why.

Rev. J. M. Fowler arose and said: "There is a great deal of foolishness about that mourner's bench any way."

Rev. Francis W. Taylor then arose and made a spirited talk. He said: "None of you ever invite to the mourner's bench. I have heard you preach. I never heard one of you use such a term. I invite people to come forward for prayer; so do you. The anxious seat is not a necessity, but is useful if the matter be not carried to excess."

Rev. W. L. Jones then urged that no iron-bound rule must be laid down.

Rev. W. J. Couch said the first mourner's bench was at Pentecost, the second when the Philistine jailer fell down before Paul and Silas and said "What Must I do to be saved."

Dr. Morrill Talks on Music.

Dr. G. L. Morrill, of Owensboro, was next introduced to the body and delivered an address on music. This address, although extemporaneous, was so sparkling and versatile that it was almost impossible to get it all.

In part he said:

Governors of the Philippines Captured.

Insurgents Have Taken 3000 Spanish Prisoners.

New York, June 17.—(Special).—A Journal Hong Kong dispatch says 1,000 insurgents attacked 2,000 Spaniards at Manila, inflicting heavy losses and almost forcing an entrance to the city. Insurgents and Americans now completely surround Manila. Foreign residents have fled to ships. A Spanish spy attempted to poison Aguinaldo.

Aguinaldo is reported to be willing to surrender to the Americans if they will see that the insurgents do not set fire to the city and kill the Spaniards after the capture. In two weeks the insurgents will have taken 3,000 prisoners including 2,000 regulars. The large garrison at Cavite has surrendered, giving the insurgents command of the entire shore of the bay. The Governors of the Provinces of Cavite, Balacan and Batonan have been captured.

Cuban Gen. Diaz Wins a Victory.

Key West, June 17.—(Special).—Messengers from Gen. Diaz, now in Pinar del Rio, were received yesterday with dispatches for Gen. Miles. They reported 1,000 Spanish forces, cavalry and infantry, concentrated between Bahia Honda and Mariel, and Gen. Diaz complete master of the interior. They also report that Gen. Diaz's forces ran into an ambush June 9, but routed the Spaniards, who lost a captain and 90 men killed and wounded, including the commander Col. Barbos. The insurgents captured 400 rifles. Diaz only needs guns to sweep up to the walls of Havana.

Not Her's to Sell Now.

London, June 17.—(Special).—The News has a Gibraltar special saying it is rumored there that Spain has sold the Philippines to Germany, which accounts for the German squadron's going there.

was followed by Dr. T. T. Eaton, Dr. J. S. Coleman, Prof. A. T. Robertson, of the chair of New Testament Greek in the Seminary; Rev. G. W. Riley, Prof. E. Harrison, Rev. I. W. Bruner and Rev. E. H. Maddox.

Dr. Eaton asked that the following distinguished brethren should be recognized: Dr. I. T. Tichenor, Atlanta, Ga., Corresponding Secretary of the Home Mission Board, and Dr. J. M. Frost, Nashville, Tenn., Corresponding Secretary of the Sunday-School Board.

The report of committee on "Oldest and Youngest Ministers" was offered. Rev. A. W. Meacham was reported to have been an ordained minister fifty-seven years last May. Rev. Layton Maddox was reported to have been ordained since last December. Report was adopted without discussion.

Rev. J. N. Hrestridge read a message from Rev. Fred Hale, of Owensboro, explaining his enforced absence, and stating that he had in his possession Dr. Hile's paper on "Exegesis of Colossians."

Hymn "Praise of Every Blessing" was sung.

The moderator then announced the next subject, "How may pastors evangelize the country contiguous to them?" Rev. I. W. Bruner, Sulphur, Ky., came forward and read an excellent essay on this subject.

Rev. C. M. Thompson, Louisville, who was selected to speak on this topic, did not present a paper, but after claiming that he had not been notified, spoke pointedly to the subject. He said in part the pastor must work, must feel his responsibility. The two needs before us are these: 1st, "See sin as sin, see it every where constantly, 2nd, 'Feel that God has selected us to save the souls of men from their sin.'"

At this point Rev. A. U. Boone, Clarksville, Tenn.; Rev. W. C.

W. H. Lyons, Senator Deboe's private secretary, will be appointed Assistant Quartermaster General of the volunteer army with the rank of Captain.

THE HOPKINSVILLE KENTUCKIAN has tried the morning newspaper business and found that the afternoon paper publishes all the news. It therefore changed the time of publication, very much to its own advantage.—Owensboro Inquirer.

The court of appeals has reversed the decision of the lower court in the case of the Covington councilmen vs. Judge Tarvin. While this court holds the city liable for the court house improvements, it holds Tarvin acted improperly and unlawfully in imprisoning the council.

The State Women's Christian Temperance Union of Kentucky, will present to Miss Christine Bradley, daughter of the Governor, a silver set in recognition of her christening of the battleship Kentucky with water. The presentation will be made Monday at the executive building at Frankfort.

The Todd men in Louisville are very sore. They say that although Evans has been nominated he can not be elected. They are evidently preparing to throw him down real hard. Now is the time for the Democrats to put forward their best man and redeem the district.

Gen. Miles has returned from Tampa to Washington, now that the army has gone and there is no longer an excuse for him to remain at the Tampa Bay Hotel at \$10 a day. He probably took his enamel bath tub with him and will doubtless renew his recommendation to the president that the war be postponed until fall.

The Century Magazine has arranged for a series of articles on the present war, somewhat in the manner of its famous "Battles and Leaders of the Civil War." The series will be entitled, "Battles and Leaders, Places and Problems of the Spanish-American War," and a number of important articles are already promised for it.

THE KENTUCKIAN is convinced that it made a wise step in changing to an evening paper. By getting out the paper in daytime its running expenses have been greatly reduced and its circulation is being greatly increased by the addition of subscribers who prefer an evening paper. THE KENTUCKIAN is now doing pretty well thank you.

The Indiana and several other warships are reported by some of the papers to have returned to Key West with the news that they have seen Spanish ships in Cuban waters. The omission of the word "no" in the telegram probably changed its sense. If the Indiana and other ships saw Spanish ships cruising in the gulf and allowed them to escape, their captains should be called to account for their inefficiency.

The American Institute of Homoeopathy will convene in Omaha for a week's session June 22. Its daily sessions will be held in an Allopathic college, a beautiful structure, just completed, Creighton Medical College. The use of the building has been most courteously tendered to the Homoeopathic physicians by their brethren of the old school and has been duly accepted. This instance of good will and fraternity is an act that will do much to bring together the members of the two schools of medicine in closer fellowship.

CLIPPED AND COMPILED.

Rev. W. T. Corn died at Harrodsburg. Mrs. Mary Davis, of Livingston county, was found dead in bed.

The seven-year-old son of John Stevenson, of Webster county, was drowned opposite Mt. Vernon.

Gov. Bradley has commissioned Dr. William Turner, one of the most popular men in Bowling Green, to raise a military company.

Owing to the increased receipts at the Cloverport post-office Postmaster Wilson's salary has been increased from \$1,000 to \$1,100.

In the Federal Court at Frankfort D. O. Merideth, formerly postmaster at Willowbrook, Clark county, was convicted of embezzlement.

The Seventh Congressional District Committee met and promised to declare Hon. E. E. Settle the nominee for Congress unless he has opposition before July 10.

Mr. Butler T. Southgate, a Lexington lawyer, will be given a commission as Captain on the staff of his relative, Maj. Gen. Matthew Butler, of South Carolina.

Ex-City Collector John L. Baxter, of Richmond, will file suits against the four banks at that place to recover back taxes for 1893, under the recent Federal Court decision.

The Breckinridge News, already one of the best papers in the State, is being improved. A new press and several hundred pounds of new type have been added to the office.

Mrs. Lennie Messer, aged eighteen, died of child-birth at the residence of her uncle, John Pittman, in Georgetown. Her home was in Paris. She had been deserted by husband.

Councilman Nick Becker and F. Haag, editor and proprietor of the Henderson Gleaner, had a bloodless encounter on the streets of Henderson. It grew out of editorial criticism of the Councilman's official acts.

The Georgetown College catalogue shows 357 students in attendance last year—325 young men and 132 young women. They were divided by States as follows: Kentucky, 329; Mississippi, 311; Ohio, 8; West Virginia, 4; Indiana, 3; Texas, 2; Arkansas, 1; Virginia, 1; Colorado, 1; Illinois, 1; Maryland, 1; Missouri, 1; North Carolina, 1; Pennsylvania, 1; Tennessee, 1.

Gen. Shafter, says a Washington dispatch, is already planning a possible retreat from Cuba. He insists upon having the transports conveying his men remain in Cuban waters to take him away if anything happens. Gen. Shafter and other military men objected to leaving men on inhospitable shores without any chance of getting all or any away at once if the necessity requires. They said if an epidemic of fever broke out or if the men got sick and could not fight and were harassed by the enemy as the marines had been, it would be inhuman not to take them to a healthy and safe place. The old soldiers said that while they were not expecting any reverses, defeat was always possible in war. If our army were defeated our soldiers would have to retreat into the ocean or be massacred, and in such a dreadful contingency if our troops were not there to receive the soldiers it would be a blunder that would never be forgotten by the country. Under the pressure of these facts it was decided to hold at Santiago sufficient troop ships to bring away all the soldiers at one time.

Shafter's army, unless it sees another phantom gubnat, ought to get to Cuba tomorrow or Sunday.

To School Trustees in Christian County.

GENTLEMEN:—It has been my endeavor to have the people fully informed of the change in the time for the election of school trustees, but there seems to be still some misunderstanding in regard to it. The last Legislature changed the time for this election from the first Saturday in June to the first Saturday in October; but the person who is elected in October does not begin to serve as trustee until the following July.

In order to avoid the vacancies that would thus occur on account of failure to hold the election in June of this year, State Superintendent Davidson has instructed me to appoint a trustee for the full term of three years in the place of the present chairman whose term expires July 1st.

Where the elections have been held regularly the other two trustees will serve out the full term for which they were elected. Where appointments have been made during the year, it will be necessary to appoint again to fill the vacancies that will exist July 1st.

On the first Saturday in next October trustees will be elected in every school district to serve during the next school year. No contract can be made with a teacher until the beginning of the school year, which is the first of July. All who have been recently appointed trustees will please qualify just as soon as possible—either before me or some one who is authorized to administer an oath. I shall be out of my office on business June 27-29.

Very respectfully,
KATE Mc DANIEL, Co. Supt.

Following is the abstract of the court of appeals decision:

L. & N. Railroad Company vs. Charles S. Veach.—Filed June 10. Appeal from Christian Circuit Court. (Not to be reported.) Opinion of the court, by Judge Barnum, affirming.

First—It was a question of fact properly submitted to the jury as to whether an injury caused to plaintiff in coupling two of the defendant's cars of a peculiar construction unknown to plaintiff would have occurred if he had used a coupling stick provided by the company.

Second—It cannot be said that an instruction was erroneous which, although grouping a number of propositions together properly directed the attention of the jury to the conditions upon which the plaintiff was entitled to recover, and was not misleading to an ordinarily intelligent jury.

DEATH OF A. C. BAKER.

A Well Known Texan Passes Away—Burial at Galveston.

Colonel A. C. Baker died yesterday afternoon at 4 o'clock at the residence of his son-in-law, Mr. W. B. King. The remains will be taken to Galveston on the 1:50 Santa Fe train this afternoon.

Colonel Baker was born at Princeton, Caldwell county, Kentucky, and was 64 years old. He married Miss Sue E. Sumner of Hopkinsville, Ky., and moved to Chappell Hill, Washington county, Texas, before the war. He was in the Confederate cavalry, a member of Terry's Rangers. At the close of the war he moved to Galveston, where he conducted a cotton factorage business for a few years under the firm name of A. C. & M. W. Baker. At the death of his brother, M. W. Baker, in 1870, the firm dissolved and he and other moneyed men of Galveston built two cotton compresses—the Texas compress and the Gulf City compress. Col. Baker was superintendent and had full control of these presses for a number of years.

Colonel Baker was a past grand commander and a thirty-third degree Mason and will be buried with Masonic honors.

While Galveston was his home after moving from Chappell Hill, for the past four years he and his wife spent a great deal of their time in Houston, at the residence of Mr. and Mrs. W. B. King, Mrs. King being his daughter.

His wife and this daughter are his only remaining near relatives.—Houston Post, June 14.

MORRILL ON MUSIC.

(CONTINUED FROM 1ST PAGE.)

I divide music into two parts, music and sacred music. Music is the harmony of sweet sounds. We find music first and always in nature. The songs of birds, the sighing of the wind through the pines, the hum of insects, in all the motions of water, wind and air we find music.

Dr. Morrill, by the way, paid his way through the Theological Seminary of Chicago by playing an organ. He says when choir concert and orchestrate themselves, and when the people join in, then shall we have church music.

In the course of this talk Mr. Morrill accused Dr. Eaton of not singing. Dr. Eaton, now rose to a personal explanation. He said: "Once I was sent for to see an ill man. He asked me to read and pray. I read and prayed. He asked me to sing. I sang—he died, therefore I never sing any more."

The subject was further discussed.

DR. J. M. FROST,
Secretary S. S. Board.

ed by Rev. J. N. Prestidrigs, Rev. W. L. Jones, Rev. E. H. Maddox and Dr. Eaton. Dr. Eaton spoke of the wonderful singing at Spurgeon's church, London, where there is no choir, but a precentor or leader, and singing by all the people. He spoke also of Dr. Archibald Brown's church in East London, where the same rule holds.

Announcements followed and the body was dismissed by Rev. W. D. Nowlin, of Nicholasville, Ky.

Dr. Anderson's Sermon.

Last night at 8 p. m. at the Baptist church the sermon before the ministers' meeting was preached by Rev. J. H. Anderson, of Owenton, from Ephesians 6: 10. Mr. Morrill presided at the organ. Rev. I. P. Trotter offered the invocation. Rev. J. G. Bow read Second Corinthians, fourth chapter and followed it by prayer. Then followed the splendid sermon and the dismissal of the congregation by Mr. Anderson.

The Whitsitt Matter.

The association can hardly escape a renewal of the controversy over what has become known as "the Whitsitt controversy." Dr. W. H. Whitsitt prepared an article for an encyclopaedia taking a position on baptism antagonistic to the teachings of the Baptist church. Being at the head of a denomination school, he was at once taken to task. District associations all over the state adopted resolutions of censure and asked him to resign. The general association last year asked the Kentucky trustees to use their influence to secure his resignation and the Mississippi association took still more radical action and adopted a resolution withdrawing support from the Southern Baptist Seminary as long as Dr. Whitsitt is at the head of it.

It is believed that the fight will come up here to-morrow as soon as the association convenes by the introduction of a resolution similar to the Mississippi resolution last year.

Dr. Whitsitt is on hand and ready to assist and the delegates are fast dividing themselves into two classes—Whitsittites and anti-Whitsittites. Unless all signs fail there is liable to be a lively time on the question when it comes up.

Trabue Anderson Returns.

Trabue Anderson, one of the Hopkinsville boys at Chickamauga, returned last night. He was unable to pass the physical examination.
